Message from the sky

Greetings, Sky Lovers!

I'm sure you weren't expecting a message from the sky itself. But here is a project that is all about me - NVT Under the Open Sky, a project unlike any other. It's designed with me, the sky, in mind. This skyward design philosophy ensures that every corner of the villa is touched by my ever-changing light, from the soft hues of dawn to the vibrant colors of sunset.

Imagine yourself in a villa with open terraces and rooftop lounges, offering uninterrupted views of my celestial canopy above. Beyond the villas, our amenities are crafted keeping me in mind. The pool reflects my shimmering stars, while the terrace deck at the clubhouse provides a serene sanctuary to connect and reflect after a hectic day.

Welcome to NVT Under the Open Sky, a place designed to embrace nature and the vast expanse above. Come live the sky life.

With warmth,
The Sky-high

For Professionals By Professionals

NVT's journey began 24 years ago with founder and Chairman Mr. K.G. Garg's efforts in establishing quality certification for the highly quality-sensitive aerospace industry. No wonder that NVT inculcated a zero-tolerance policy when it came to quality in every initiative. Under the leadership of Ivy League-educated directors Nitin, Vivek, and Tanuj, the same stringent attitude towards quality was infused into the real estate venture of the group, NVT Quality Lifestyle. Projects like NVT Orchid Garden, NVT Arcot Vaksana, NVT Mystic Garden, NVT Life Square, NVT Stopping by the Woods, and NVT Symphony of Orchards are examples of the widespread acceptance of the villas made by NVT. From design to construction, each villa resonates with Bangalore's discerning professionals.

NVT's management team includes alumni from institutions like Carnegie Mellon University, Purdue University, The Wharton School, the Indian Institute of Technology, and the Indian Institute of Management. Their expertise drives our commitment to quality, catering to those who prioritize excellence.

'Always Thinking Quality' is not just a motto of NVT, it's a way of life. Whether it's design or material selection for your villa, you can be rest assured that there is a professional like you at this end looking into every detail when crafting your villa.

Step into our latest offering - NVT Under the Open Sky, a space where we are once again elevating villa living for modern professionals.

Story of an Obsession

At NVT Quality Lifestyle, we're simply obsessed with crafting our premium villas.

From the master plan to interconnected living spaces, from the choice of the finest materials from around the world to attention to detail and stringent quality processes, we're obsessed with delivering on our promise, on time. There is much that goes into building a villa with a never-before level of commitment and dedication. Welcome to our world of obsession!

Obsessed with Daylighting

When designing our villas, we are obsessed with the intelligent use of skylights, in the main stairwell of our villas, placed to flood the home with natural light. Not only do they let in more natural light, but they also create a feeling of greater open space. What's more, indoor plants thrive and flourish in the brighter environment.

Q&A WITH TANUJ GARG, DIRECTOR, NVT QUALITY LIFESTYLE

Q. What would you say is the key philosophy that sets NVT Quality Lifestyle apart from the competition?

A. One engineering philosophy we make use of is Build Right First Time (BRFT). Not everyone can claim adherence to committed schedules as a differentiator, but we are simply obsessed with doing it right and doing it on time.

Watch the complete BRFT video on waterproofing on our website qualitylifestyle.in

Obsessed with Connected Outdoors

When it comes to our villas, we are obsessed with the idea of a balcony for every bedroom, a feat that not many can hope to achieve. Our reason for this firm belief lies in the value of the experience of being connected with the outdoors. We have ensured that each of your private spaces has its own extension into the outdoors in the form of balcony spaces.

Obsessed with Quality Finishing

Finishing with finer details, at times, is easier said than done. In our experience of building award-winning premium villas, we have come to learn that the devil is in the details. This is why we are obsessed with maniacal attention to finishing the little things in a villa, which speaks volumes in terms of quality.

Obsessed with Attention to Detail

Systematic planning, execution, and standardization across processes help us achieve a culture of quality excellence. Stringent quality checks at every stage ensure that before a task moves on to the next milestone, it is done to the satisfaction of the standards and specifications laid down for the purpose.

Obsessed with Quality Partners

Our obsession with delivering on quality extends to our choice of partners who are vital to fulfilling the promise made to our customers. We only work with best-in-class marquee brand names for all the items we source.

Always Thinking Quality and ensuring it

Quality has been our mainstay, which is why we like to say 'Always Thinking Quality'. And this thinking of ours mirrors every step we take towards crafting a home for you. We often stop to ask ourselves: "Is this the kind of villa we would like to live in?" Only if the answer is yes, we move ahead to give you an exceptional experience.
